RE: Interim Status Acknowledgement
FACILITY NAME: Waste Acid Services, Inc.

U.S. EPA ID NO. MID 974 259 565

Dear Mr. Groves:

This is to acknowledge that the United States Environmental Protection Agency (U.S. EPA) has completed processing your Part A Hazardous Waste Permit Application. It is the opinion of this office that the information submitted is complete, and that you, as an owner or operator of a hazardous waste management facility, have met the requirements of Section 3005(e) of the Resource Conservation and Recovery Act (RCRA), for interim status. However, should U.S. EPA obtain information which indicates that your application was incomplete or inaccurate, you may be requested to provide further documentation of your claim for interim status. Our opinion will be reevaluated on the basis of this information.

As an owner or operator of a hazardous waste management facility, you are required to comply with the interim status standards as prescribed in 40 CFR Parts 265 and 270, or with State rules and regulations in those States which have been authorized under Section 3006 of RCRA. In addition, you are reminded that operating under interim status does not relieve you from the need to comply with all applicable State and local requirements.

The printout enclosed with this letter identifies the limit(s) of the process design capacities your facility may use during the interim status period. This information was obtained from your Part A Permit application. If you wish to handle new wastes, to change processes, to increase the design capacity of existing processes, or to change ownership or operational control of the facility, you may do so only as provided in 40 CFR Sections 270.71 and 270.72.

As stated in the first paragraph of this letter, you have met the requirements of 40 CFR Part 270.70(a); your facility may operate under interim status until such time as a permit is issued or denied. This will be preceded by a request from this office or the State (if authorized) for Part B of your application. Please contact Arthur Kawatachi of my staff at (312) 886-7449, if you have any questions concerning this letter or the enclosure.

Sincerely,

Karl J. Klepitsch, Jr., Chief
Waste Management Branch

Grand Rapids, Michigan 49505

RE: Freedom of Information Act Request
R.I. 231-81

Dear Mr. Burnap:

Enclosed, per your letter of August 1, 1981, and your subsequent telephone conversation with Mr. Joe Boyle of my staff, are copies of interim status inspection reports for the 18 facilities described on the enclosed list.

Part A applications for permits to treat, store or dispose of hazardous waste are still being processed by this office. From time to time, printouts are generated and it is possible that the parameters defining the June 11, 1981, printout you received did not coincide with its title. Therefore, we are sending you, under separate cover, an updated computer printout of Michigan Part A Applicants. Also noteworthy is the fact that the names of facilities applicants do not always indicate (a) whether landfill is the type of disposal process or (b) whether wastes are accepted from offsite sources.

The total number of pages which were photocopied is 240. At \$.20 per page, duplicating costs are \$48.00. Document search time costs at \$2.50 per half hour, are \$10.00. Please forward a cashier's or certified check in the amount of \$58.00, payable to the U.S. Environmental Protection Agency, Region V, 230 South Dearborn Street, Chicago, Illinois 60604. Please remit your check within 30 days and identify the above Freedom of Information Act Request number on your check.

Sincerely,

David Kee, Director
Air and Hazardous Materials Division

RE: Changes made on Part A
Application

Dear Mr. Groves:

This is to confirm the telephone discussion, including the resultant agreements that Rebecca Strom, on behalf of the United States Environmental Protection Agency, has established with you on February 24, 1983. These agreements concern changes and/or corrections necessary to update the Part A Hazardous Waste Permit Application for the facility identified above.

A copy of your corrected Part A application is enclosed for your records. The items corrected on the basis of the above referenced agreements are circled in red ink. This information will be included in your official application file. If the revised form is not accurate, please make the necessary changes and return it within 30 days to the address below:
